Subpart C—Determining Rates for Principal Types of Positions

§ 532.301 Definitions.

For purposes of this subpart:

Nearest similar wage area means the nearest wage area which is most similar to the local wage area in terms of private employment, population, relative numbers of private employers in major industry categories, and kinds and sizes of industry establishments and in which adequate private establishments exist in the survey area whose activities are similar to those in the dominant industry.

Principal types of appropriated or non-appropriated fund positions means those groups of occupations which require work of a specialized nature and which are peculiar to a specific Government industry which is the dominant industry among the total wage employment in the wage area.

Specialized private industry means private industry establishments in those industry groups, comparable to the specialized Government industries listed in § 532.303 of this section, which must be included in a wage survey in order to obtain data comparable to a dominant industry.

§ 532.303 Specialized industry.

(a)(1) Under the appropriated fund wage system, a “specialized industry” is a Federal activity engaged in the production or repair of aircraft, ammunition, artillery and combat vehicles, communication equipment, electronic equipment, guided missiles, heavy duty equipment, shipbuilding, sighting and fire control equipment, or small arms.

(2) Under the nonappropriated fund wage system a “specialized industry” includes only nonappropriated fund operated eating and drinking places. Ad-

ditional industries may be considered as specialized industries upon approval of the Office of Personnel Management.

§ 532.305 Dominant industry.

(a)(1) A specialized industry is a “dominant industry” if the number of wage employees in the wage area who are subject to the wage schedule for which the survey is made and employed in occupations which comprise the principal types of appropriated or non-appropriated fund positions in the specialized industry comprise:

(i) For appropriated fund activities,

(A) At least 25 percent of the total wage employment or

(B) 1,000 or more employees in a wage area having more than 4,000 wage employees; and

(ii) For nonappropriated fund activities

(A) At least 25 percent of the total wage employment or

(B) 100 or more wage employees in a wage area having 400 or more wage employees.

(2) If two or more specialized industries in a wage area qualify as dominant industries, the two specialized industries having the largest number of wage employees shall be the dominant industries for purposes of applying the requirements of this subpart.

§ 532.307 Determining whether a dominant industry exists in a wage area.

(a) The chairperson of the local wage survey committee shall, before a full-scale wage survey is scheduled to begin, notify all appropriated or non-appropriated fund activities having employees subject to the wage schedules for which the survey is conducted so that organizations and individuals may submit written recommendations and supporting evidence to the local wage survey committee concerning principal types of appropriated or non-appropriated fund positions in the area. Each appropriated or nonappropriated fund activity shall publicize the opportunity to make such recommendations.

(b)(1) Before conducting a full-scale wage survey an occupational inventory of employees subject to the wage
